

METSONIC ENGINEERS PVT. LTD.

(AN ISO 9001 : 2015 CERTIFIED COMPANY)

63, Ishaq Colony, Opp. Ghanshyam Super Market
Wellington Road, Secunderabad – 500 015
Tele/fax : +91 40 27840585, Mob : 94901 67005
e-Mail : metsonic.engineers@gmail.com
website : www.metsonic.com

Dear Sir/Madam,

Sub : List of Material Testing Equipment and other items supplied by us

We are happy to inform you that we are dealing with various Material Quality Testing Equipment and other related items required for industrial laboratories. At present we are dealing with the following items:

A) METALLOGRAPHIC TESTING EQUIPMENT

- 1) Metallurgical Microscopes : Monocular, Binocular, Trinocular, Inverted type with Colour Image Capture System & Computer Imaging Systems, Image Analysers
- 2) Metallurgical Polishing Machines : Single Disc, Double Disc, Triple Disc and Automatic Computer Controlled Polishing Machines
- 3) In-situ Metallography kit (for field Metallography)
- 4) Belt Polisher : Dry type, Wet & Dry type
- 5) Specimen Mounting Press : Mechanical, Hydraulic and Pneumatic Automatic types
- 6) Cut-off Machines : Abrasive Wheel types, Diamond Wheel types, Thin Sectioning types
- 7) Electrolytic Polishing-cum-Etching Machines

B) NON-DESTRUCTIVE TESTING EQUIPMENT

- 1) Ultrasonic Flaw Detector : Portable, Recordable Palm Top type and Multichannel Microprocessor Controlled and Immersion Testing Systems
- 2) Ultrasonic Thickness Gauge : Hand-held type, Through Coat type, Portable Micro-Processor based type and Coating Thickness Gauges etc.
- 3) Magnetic Crack Detector : Yoke type, Prod type, Bench type stationery units and De-magnetisers
- 4) Portable X-Ray Systems
- 5) Dye Penetrant Chemicals : Ordinary Visual type, Fluorescent type, Automated Systems etc.
- 6) Blacklight Lamps, Test Panels, UV Bulbs, Gauz Meters and all other spares & accessories

C) PHYSICAL TESTING EQUIPMENT

- 1) Universal Testing Machines : Mechanical and Computer Controlled with Electronic Extensometer
- 2) Izod Impact Testing Machines
- 3) Hardness Testers : Brinell, Rockwell, Vickers, Micro
- 4) Portable Hardness Testers : Poldi, Pin-Brino, Dynamic, Universal Metal Hardness etc
- 5) Rubber/Plastic Hardness Testers : Shore A, Shore D, Foam Durometers etc
- 6) Spring Testing Machines
- 7) Fatigue Testing Machines
- 8) Compression Testing Machines
- 9) Dynamic Balancing Machines

D) CHEMICAL TESTING EQUIPMENT

- 1) Optical Emission Spectrometer, Lab Model & Portable XRF Positive Material Identification (PMI) etc.
- 2) Carbon & Sulphur Apparatus
- 3) Muffle Furnace
- 4) Hot Plate
- 5) Electric Ovens
- 6) Water Still
- 7) Fume Chambers etc
- 8) High Accuracy Weighing Balance : Digital, Single Pan Analytical etc

E) FOUNDRY MACHINERY/EQUIPMENT

- 1) Moulding Machines, Sand Muller, Intensive Mixer, Sand Siever etc
- 2) Centrifugal Liner Set, Electrical Core Oven, Sand Blasting Machine, Cupola Charger etc
- 3) Snagging Grinder, Swing Frame Grinder, Tumbling Barrel, Sand Aerator etc
- 4) Complete Foundry Equipment for Green Sand and Shell Sand
- 5) Complete range of Foundry Sand Testing Equipment

F) ULTRASONIC MACHINES

- 1) Ultrasonic Cleaners : Portable as well as systems
- 2) Ultrasonic Plastic Welding Machines & Metal Welding Machines
- 3) Ultrasonic Processors
- 4) Ultrasonic Pest Repellers
- 5) Ultrasonic Concrete Testers

G) CONSUMABLES

- 1) Lavigated Polishing Alumina : Grade-I, Grade-II, Grade-III (in water suspension), Grade-A, Grade-B, Grade-C (in powder form)
- 2) Diamond Lapping Compound – All micron sizes
- 3) Polishing Clothes : Selvyt, Duro, Velvet, Nylon, Micro etc (Indigenous & Imported)
- 4) Polishing Papers : 1/0, 2/0, 3/0, 4/0 (Indian) & 240, 500, 1000, 1500, 2000, 3000, 4000 (Imported)
- 5) Silicon Carbide Waterproof Papers of all Grits, Emery Cloth Belts of all Grits
- 6) Standard Test Blocks, Diamond Indenters, Ball Indenters (for Hardness Testing Machines), Poldi Test Bars
- 7) Magnetic Powders, Pastes, Magnetic Inks (for visual & fluorescent applications)
- 8) Ultrasonic Probes, Cables and all Test Blocks
- 9) Anti Spatter Spray & Gel, Silicon Mould Release Spray, Rust Remover

We would request you to kindly register our Company's name as an approved supplier and send your enquiries to us for the items required by you.

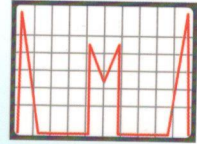

We assure you that we will provide prompt pre-sale as well as after-sales services.

Thanking you and assuring you of our best services with a commitment to best quality.

Yours faithfully,
for METSONIC ENGINEERS PVT. LTD.

(P. MOHAN)
Managing Director

METSONIC

METSONIC
ENGINEERS PVT. LTD.

About Us

The Company has established in April 1992. The aim of establishing this Company is to supply quality Testing equipment, including Non-Destructive testing equipment and other related items, to various Industrial & Defence laboratories, Institutions and establishments.

We have supplied equipment to almost all the major establishments located in the States of Telangana & Andhra Pradesh. Major Defence R & D establishments located at twin cities of Hyderabad-Secunderabad and its close proximity are our regular clients. The company will be regularly supplying to various Defence laboratories and other Government establishments such as Nuclear Fuel Complex, BHEL, HAL etc apart from private industries.

The Company has grown by taking up various Industrial product dealership and sole selling agencies apart from increasing the stock of fast moving consumables. The company is a regular supplier to many prestigious Defence Establishments like Defence Metallurgical Research Laboratory, Defence Research & Development Laboratory, Research Centre Imarat, ARC International, Bharat Dynamics Ltd, Mishra Dhatu Nigam Ltd, Ordnance Factory Medak etc. The company also supplies laboratory equipment to most of the Engineering colleges for its Mechanical and Metallurgical Branches.

Presently M/s. Metsonic Engineers is the undisputed leader in supplying of quality testing equipment and consumables in Telangana and Andhra Pradesh States.

M/s. Metsonic Engineers are now spreading its wings by taking up many **imported products** for marketing in India by tie ups with leading companies from Korea, China, Singapore etc.

METALLOGRAPHIC TESTING EQUIPMENT

MICROSCOPE

Monocular, Binocular, Trinocular, Inverted type with Computer Imaging System, Image Analyzer, Stereo & Tool Makers Microscopes

ABRASSIVE CUTTING MACHINE

Abrasive Wheel type, Diamond Wheel type, Low Speed & High Speed Precision Cutting Machines

BELT GRINDER

Dry type, Wet & Dry type and Spectra-Grinder

DOUBLE DISC POLISHER

Single Disc (Variable & Single speed), Dual Disc (Variable & Single speed), Automatic Computer Controlled

MOUNTING PRESS

Mechanical, Hydraulic, Pneumatic and Electromagnetic Automatic types

ELECTROLYTIC POLISHING-CUM-ETCHING MACHINE

Electrolytic Polishing Machine with Etching, Lab Model as well as In Situ Metallographic Kit (for field Metallography)

Quality Sales & Services of complete range of Materials Testing Equipments

NON - DESTRUCTIVE TESTING EQUIPMENT

ULTRASONIC FLAW DETECTOR

Portable Digital, TOFD, Phased Array and Customised Automated Immersion Testing Systems

ULTRASONIC THICKNESS GAUGE

Portable Handheld type, Thickness Gauging Systems and Coating Thickness Gauges for different types of coatings

MAGNETIC PARTICLE INSPECTION [MPI]

Yoke type, Prod type, Bench Models from 1000 amps to 10,000 amps. Also all accessories like Black Light (UV) Lamps, Gauge Meters etc.

X-RAY / RADIOGRAPHY MACHINE

Portable X-Ray machines from 100mA to 450mA and all X-Ray Systems, Digital Radiography, Flat Panels, Film Digitisers, X-Ray Films and Film Viewers

DYE PENETRANT CHEMICALS

Ordinary Visual type, Fluorescent type, Post Emulsification type etc.

UV LAMP

PHYSICAL TESTING EQUIPMENT

UNIVERSAL TESTING MACHINE

Hydraulic, Servo Control, Ball Screw driven Digital & Computerised with Extensometer and High Precision Tensile Testing Machine and Universal Testing Machine of all ranges

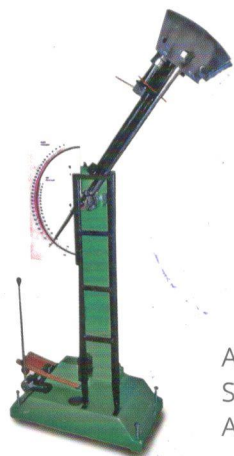

HARDNESS TESTING MACHINE

Rockwell (Analog & Digital), Brinell (Mechanical, Hydraulic, Optical & Computerised), Vickers (Optical & Computerised), Micro Hardness Tester, Rubber Hardness Tester, Portable Hardness Tester

IMPACT TESTING MACHINE

Analog and Digital as per IS Standard, BS Standard and ASTM Standard

TORSION TESTING MACHINE

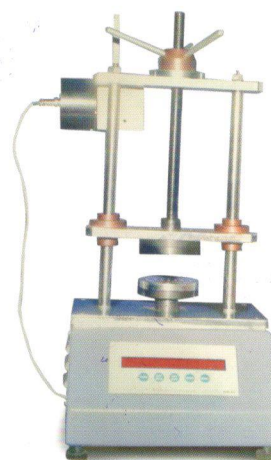

Analog and Digital

FATIGUE TESTING MACHINE

SPRING TESTING MACHINE

Digital & Computerised

Quality Sales & Services of complete range of Materials Testing Equipments

SAND TESTING EQUIPMENT

SAND-RAMMER

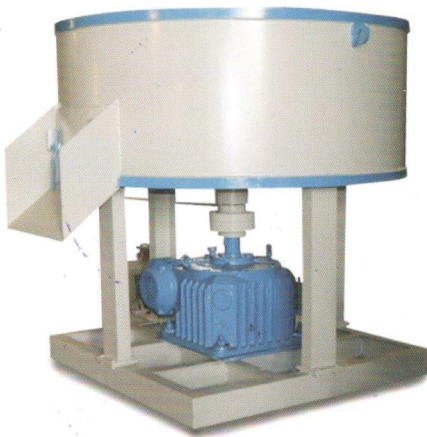

PERMEABILITY TESTER

Mechanical
Electrical
Digital

SAND MIXER

RAPID MOISTURE TESTER

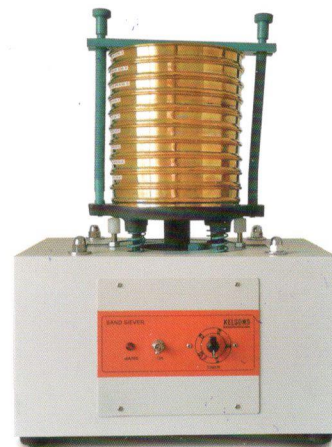

UNIVERSAL STRENGTH MACHINE

Hydraulic, Mechanical, Digital & Computerised

SAND SIEVER

OTHER EQUIPMENT

ULTRASONIC CLEANER

Single Stage, Table Top as well as Multi Stage Ultrasonic Cleaning Systems for all cleaning applications

CHEMICAL TESTING

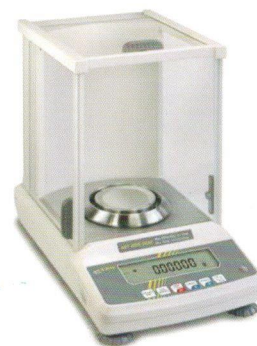

All types of Wet Analysis Equipments for Metallurgical Laboratories

SPECTROMETER

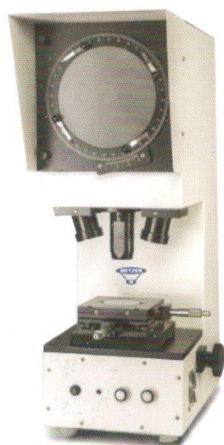

Laboratory Models and Portable (PMI)

WEIGHING BALANCE

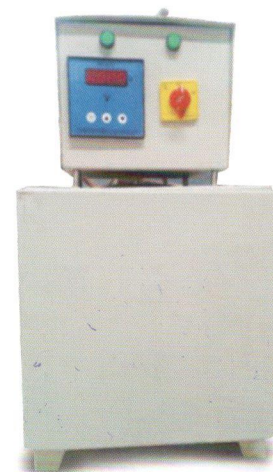

High Precision Lab / Analytical Models to High Capacity Weighing Machines

PROFILE PROJECTOR

Bench Model, Floor Model, Horizontal and Vertical type

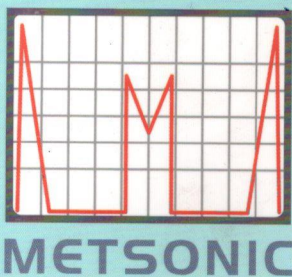

MUFFLE FURNACE

Muffle Furnace & Ovens of all sizes and ratings

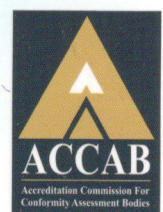

Quality Sales & Services of complete range of Materials Testing Equipments
